

# Planning Sheets in Filofax Personal Size

*by* Joakim Hertze

First Edition

May 2013

## Instructions

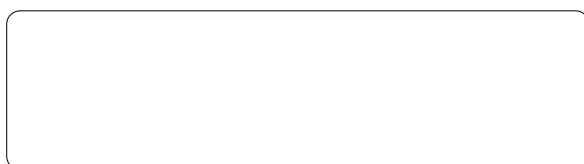

Besides a title page and the page you're reading now, this PDF contains sixteen A4 size pages:

1. A recto and verso version of an *areas sheet* (pages 3 and 4)
2. A recto and verso version of a *goals sheet* (pages 5 and 6)
3. A recto and verso version of a *projects sheet* (pages 7 and 8)
4. A recto and verso version of a *to do sheet* (page 9 and 10)
5. A recto and verso version of a *someday/maybe sheet* (pages 11 and 12)
6. A recto and verso version of a *later sheet* (pages 13 and 14)
7. A recto and verso version of a *agenda sheet* (pages 15 and 16)

I recommend duplex printing the seven sheets separately—in as many copies as you need—and then cutting them down to size. If you prefer simplex printing, I suggest using odd pages only.
